

**Problem Statement:** We currently do not have a distributed leadership model to align transformative learning strategies in Colorado.

**Goal:** To develop Framework 2021: A P-20 Learning Vision for CO through a distributed leadership model that engages teacher leaders from each region of the state.

**Rationale:** In order to create a P-20 education vision for CO, CO ASCD will implement a distributed leadership model that gathers input from educators across the P-20, CO Educational System in order to build consensus from diverse thought, experience and expertise.

**Year 3 & 4**

- Long-term plan for funding and support
- Teachers have a voice
- Synchronous chats developed & delivered
- Framework developed

**Teacher Leader Summit Format**

- Leadership Training
- Presenters
- Participants
- Volunteers

**Chats/Webinars**
