

Logic Model Reference Guide

Problem Statement: Our building lacks a good relationship with parents and the community.

Goal: A sustainable, multi-faceted partnership between the school, parents, and the community.

Rationale:

If parents are involved in their child's education, then the child is much more likely to succeed in elementary school, graduate high school, and attend college.

Inputs: →

Time for meeting
 Time for meeting with library's Adult English Class
 Time & Voice @ Staff Meeting
 Child Care activities
 Food Space

Activities: →

m. with title 1 team
 Discuss potential to collaborate
 Share research & data
